

Visit The World's Aerospace Alley[®] by attending ACM's Aerospace Industry **FUTURE WORKFORCE OPPORTUNITIES FAIR**

Wednesday, November 20, 2019 | 8:15 - 11:30 AM | Connecticut Convention Center, Hartford

LAUNCH YOUR CAREER IN AEROSPACE

The goal of the **Future Workforce Opportunities Fair** is to make **middle school, high school, college students** and their **teachers, guidance counselors, parents, and communities** aware of the broad opportunities and well paying careers available in the local aerospace industry. Those attending will have the opportunity to speak with over 90 local aerospace firms to learn about the valuable career opportunities that exist in the industry and discuss the expectations employers have when hiring new employees. New this year includes an **Interactive Zone** where students can explore the new technologies of today's manufacturing. There will be **no cost** for schools to participate. ACM will also provide parking free for school buses at the Connecticut Convention Center.

ABOUT ACM

Aerospace Components Manufacturers (ACM), formed in 1999, is Connecticut's and southwestern Massachusetts' Aerospace Cluster representing small and medium sized aerospace manufacturers. The membership consists of 118 companies and supports over 10,000 employees.

ACM's Aerospace Industry Future Workforce Opportunities Fair is run in partnership with Connecticut. Dream It. Do It.
